CLOSE in two pairs of feet running through terrain that has been burned by fire.

It is raining heavily. Their feet SLOSH.

Their legs are chained together, making it harder for them to run.

The two ALIENS Are dressed in plain prison garb. They are child-size, with long, stringy hair, cro-magnon brows, sharp teeth and long fingers.

They are BREATHING HEAVILY. They look back behind them in fear.

CLOSE on UG and Lee's boots. Walking calmly after the Aliens.

The Aliens try to run faster. They stumble.

The Hunters continue to walk. PAN UP to Lee's waist as he reveals his gun. He brings it up into action. The barrel extends. Moonlight glints off it.

LIGHTNING begins to flash.

The Aliens have regained their footing, and are starting to run again.

They look back in terror.

Lee fires his gun.

One of the Aliens is nailed in the back, falling forward. The other one trips up over him.

Ug and Lee continue to walk.

The living alien feels his friend's body. The hole in his back is huge. It is still smoking. Definitely dead.

The alien looks back. He can see Ug and Lee, shapes in the distance, getting closer.

He gets up and tries to run, but his chains are still connected to the dead one.

Through the rain, he sees Ug and Lee getting nearer.

CONTINUED

He tries to drag the dead one behind him, but it is no use.
Too slow.

Ug and Lee are getting closer.

E.C.U. on communication device on Ug's belt beginning to
bleep and flash. A gloved hand presses a button and turns
it off.

The alien frantically tries to pull the chains apart, to
no avail.

He searches the ground for a tool, can only find a stick.

He tries to pry the chains off. The stick BREAKS.

He lifts the chain to his mouth, and uses his sharp teeth
to try and bite through them. He succeeds in SNAPPING one
of the links.

Ug and Lee's boots stand in front of him.

He looks up in horror, seeing the Bounty hunters as
silhouettes against the night sky.

Lightning FLASHES behind them.

The alien begins to back away.

UG raises his gun up. It extends TOWARDS CAMERA.

The Alien is PLEADING for his life.

The barrel EXPLODES with a shot, filling the screen.

WHITE OUT TO:

1 EXT. SPACE

Stars slowly move past camera as CREDITS emblazon the screen. As the credits ROLL we are still traveling through space, moving closer in on a floating structure seen in the distance.

CUT TO:

2 EXT. CLOSER DETAIL OF THE PRISON

2

It is a gigantic asteroid. Man-made outposts protrude at odd angles. It is dark and forboding. It is a space prison.

A soft guttural WHISPERING NOISE can be heard in the distance.

CUT TO:

3 INT. PRISON HALLWAY

3

The WHISPERING gets louder as we follow an alien GUARD #1 down a dimly lit cave-like corridor. He is very tall and muscular, animalistic. His ears droop and he has a large chrome plated rifle slung over his shoulder.

He carries with him a cattle prod-type instrument as he passes many differently sized barred cells that hold a variety of alien creatures that are obscured in shadows.

A clawed hand reaches out of one of the cells as he passes. He jabs it with the prod, shocking the creature. It screams, pulling its hand back into the cell.

The WHISPERING subsides as the guard stops in front of a heavily armored cell where GUARD #2 stands. They say a couple of unintelligable words to each other as the one guard relieves the other.

GUARD #2 walks away.

All is quiet.

At the cell, GUARD #1's ears perk up.

Suddenly, an EXPLOSION tears open the armored cell. The noise sends the caged creatures into a frenzy. They begin pounding on their bars and walls.

GUARD #2 sees a huge cloud of smoke filter toward him, polluting the entire hallway.

A FIRE BELL goes off.

CONTINUED

The SCREAMING becomes louder.

Through the smoke, a lone figure can be seen, stumbling closer. It is Guard #1. He stops. He turns his head revealing a blood soaked face. The blood is a yellow oozing substance. Flesh is ripped and tattered to the bone. He staggers toward

A LEVER ON THE WALL.

He pulls the lever. A SIREN BEGINS. He falls, dead.

ZANTI comes to a door that opens.

Docking bay, REPORT!

Through a sea of STATIC, we HEAR the garbled SOUND of GUNFIRE, SCREAMING and HUBBUB. Zanti and Guard exchange concerned glances. The Guard reached over Zanti to flip a switch. UG gives him a hard look.

ZANTI

Of course you do... Uh...at any rate I'm you will do everything possible to bring them back, dead or alive...

The ship is vibrating mightily. He hands Ug and Lee a small plastic card.

ZANTI

The Informacard will fill you in on the details...

Zanti starts to go. Ug grabs him, pulls him close.

ZANTI

Uh, money? Of course, yes, the same, our usual arrangement.

Zanti tries to go. Ug holds him fast. The ship is vibrating terribly.

The dinner is somewhat uneasy. No one seems to have anything to say.

April smiles at Steve. He smiles back briefly, glancing across the table at Jay.

Jay is throwing a slightly stern look in Steve's direction.

April reaches under the table, gently placing her hand on Steve's knee.

Surprised, Steve spills some food from his fork.

Jay looks at him quizzically.

Steve gives an embarrassed chuckle, cleaning up the food.

April suppresses a giggle.

STEVE

Brad slows down near the chicken coop because of the intense squawking coming from within. Chickens are running about in a flurry.

Suddenly, CRITTER #6 bursts through one of the nesting boxes, clinging to the chicken wire surrounding the coop. It is covered from head to toe with feathers. It does not notice Brad.

Brad is transfixed by fright.

Then, CRITTER #6, hops down, tucks itself into a ball, and rolls into the barn.

BRAD watches.

HELEN (O.S.)

Brad!

Brad turns and sees his mother on the porch.

Another SCREAM fills the air.

Brad sprints inside the barn.

It growls, not very phased.

Below, Brad enters the barn. He looks up to the loft.

BRAD

April?

APRIL

Brad! Help!

Helen enters the barn.

Brad reaches the top of the ladder. The first thing he sees is Steve's body and the creature feasting on it.

mouth, the critter swipes up the firework, swallowing it.

The critter's eyes bulge, then its body expands, however briefly,
before returning to its normal shape. A small puff of smoke
filters out from between its teeth.

It falls on its side with a thud.

April stands, running towards the ladder. She SEES

STEVE, DEAD.

Helen helps April at the bottom of the ladder.
